

# Suraj Mishra

## Graduate Software Developer

### Profile

I am a recent software engineering graduate. I **write** and **read** code everyday. I am **passionate** about full scale software development, **problem solving**, transforming innovative ideas into practical solutions using different tools and technologies. I am eager to **contribute** my skills and **committed** to **life-long learning** and **growth**.

### Work Experience

#### Full Stack Developer Trainee

Integrify Oy | Helsinki, Finland | May 2022 - Oct 2022

- Acquired **in-depth knowledge** and **hands-on experience** in full-stack web development, utilizing React, Redux, Express, Node, & MongoDB.
- **Actively** engaged in daily **problem-solving** exercises, while effectively **collaborating** and **communicating** with a diverse team of **developers**.

#### Team Lead | Housekeeper

RTK Palvelu Oy | Vantaa, Finland | Aug 2019 - Dec 2020

- **Led** a diverse team in completing housekeeping tasks, **consistently** ensuring high levels of **customer satisfaction**.
- Demonstrated **punctuality**, **consistency**, and **responsibility**, earning **strong trust** from employer.

### Project

#### Developer

Softala Project | **Frontend Backend** | Aug 2023 - May 2024 | Helsinki

**Main Tech Stack:** React | Material UI | JavaScript | TypeScript | Node | Knex | Express | MySQL | Vite | Postman | VS Code Rest Client

- Thoroughly studied the existing codebase of project **within a week** and reduced code **redundancy by 60%**.
- Collaborated with a **cross-functional team** of 30 developers to deliver a feature-rich full stack application.
- **Proactively** participated in **sprint meetings**, managed product backlogs, accomplished assigned tasks, and guided other team members in utilizing **Git** and **GitHub**.
